Welcome to Morphett Vale and Port Noarlunga cricket clubs. A special mention must go to all who contribute to the Handbook. Thanks to Phil Davis for his statistical information.

I would like to take this opportunity to thank all the clubs and executive members for submitting a lot of the materials, especially those who submitted the materials on time.

Let's aim to have a **tribunal free season** and solve all problems out on the field of play. Remember after all it is only a game that we play for our own enjoyment

I would also like to wish all clubs an enjoyable and fun season.

A special well done to Craig Lawn for his many years of loyal service to the A&SCA in his role as Secretary and now endorsed as a Patron, and Phil Davis and Eddie for their support in compiling the handbook this year. Thank you to my wife and children who allow me the time to compile this book, it has again been a very hard year with regards to chasing information right up to the last minute. To the staff at West Press thanks for your continued help and support. Thank you to the Executive for their continued support.

Please use the CA website, take a look at it and understand the workings as it is now our future source of information:

Where no Official Umpire is in attendance at a game, it is always advisable for Captains to synchronise watches before start of play, so as to avoid disputes regarding the exact time for drawing stumps. The Umpires must then wear the synchronised watches.

SECRETARY'S REPORT Season 2013 – 2014

It gives me great pleasure to deliver the 115th Annual Report of the Adelaide & Suburban Cricket Association.

The competition this year was again extremely close in almost all grades, with positions in the top four only established in the final two rounds.

The Finals also brought some surprises and fortunately the weather did not play a part in determining the outcome of any games and all teams are to be congratulated on their performances throughout both the regular season & finals matches.

Results and Highlights from the Grand Finals

Section 1

Cove 8/142 (J Slee 3/53) d Western Youth Centre 138 (MJ D'Angelo 46; M Thomas 3/37, S Thomas 3/17, JP Robshaw 3/13);

Section 2

South Road II 8/173 (A Hyland 62; A Broadbent 3/25) d ICC Sharks II 145 (J Foran 58; D Roberts 3/20);

Section 3

Southern 6/220 (KJ Lundie-Jenkins 50, P Karittevlis 38) d North Haven II 112 (J Oxlade 52; C McEwen 3/34, SP Casey 4/14, L Casey 3/12);

Section 4

ICC Sharks III 111 (C Jacomos 4/19; K Manning 3/7) def by Glenelg ANA II 6/113 (A Kemp 37, B McDonald 32*; G Lounder 3/31);

Section 6

Kenilworth II 7/250 (J Singer 56, C Robertson 71, J Hoberg 37, MM Smart 40*; R Muscher 3/24) d North Haven IV 207 (H Hogan 34; R King 3/54, J Hoberg 4/21);

KoT20

South Road 4/104 d Keswick 103 (A Willson 3/26);

Mark Whenan continued to organise the John Voyzey 20/20 competition and managed to improve an already well run competition. Set dates and double header venues proving to be a very sound decision and all Clubs contested each match with a will to win. South Road eventually winning this year's edition by defeating Keswick in a thrilling match.

UMPIRES

As always, our matches are more enjoyable with neutral Umpires controlling the games.

John Zadow and Tony Fromene as Umpiring Directors are to be congratulated on their efforts in organising our regular season Umpires along with Bob Fradd who with SCJCA organises an Umpires Course encouraging all to develop their knowledge of the MCC Laws of Cricket and take on the difficult but rewarding task of umpiring our games. We do not have anywhere near enough Umpires to ensure each of the Finals matches have 2 Umpires each and it is to the Members of this Association who continue to volunteer to Umpire every Finals series that we owe our thanks.

Once again we filled every game without needing to use outside help and we are indebted to you all.

In the past most of the Sunday games have been umpired by Andrew Wright and despite his dedication and keen interest it did become a burden. This season several more umpires made themselves available and shared the load.

CRICKETER OF THE YEAR

The Hewett Medal is awarded to the outstanding cricketer from Section 1.

Votes are awarded by the Umpires from each match on a 3, 2, 1 basis and the winner of this year's medal was Shaun Krutli with 43 votes.

SAMCA CUPS

Seven clubs entered teams in The SAMCA Country Living Homes Metropolitan T20 Cup but only South Road progressed to Round 3 where they were easily beaten by Hope Valley. The Grand Final was played at Adelaide Oval between Hope Valley and Rose & Crown. It was a one sided contest which Hope Valley won comfortably chasing down Rose & Crown's 87 runs in 11 overs without losing a wicket.

Once again the SAMCA Seniors Cup was run as a knockout competition. Our team captained by Michael Thomas lost to ATCA who played Para Districts in the Grand Final at Brighton Oval No.1. Having set PDCA a score of 193, ATCA bowled PDCA out for 90 runs.

SAMCA and SACA tried to organise the SAMCA Under 21 Cup as a mid-week round-robin and GF in February similar to a country carnival that would attract Sponsorship and Media attention. Availability of players was a problem for several Associations leading to date changes and indecision and in the end we took no part. ATCA, PDCA and SACCA played each other on 2 Sundays and a Monday with ATCA winning both its games and PDCA beating SACCA. Kevin Joseph continued to do a magnificent job of organizing the Seniors and Simon Morris continued with his enthusiasm in managing the Under 21's. David Billett & Mick Walladge performing the scoring duties.

All these gentlemen are thanked for their efforts and we look forward to improved results next season.

ADMINISTRATION

The Executive Committee continued on, mostly unchanged in both personnel and performance. The Association continues to be well run by Phil Davis as President, Hemanshu 'Eddie' Juneja as the Secretary, John Wilks as Assistant Secretary, David Neil as Treasurer & our 2 Vice Presidents, John Voysey and Russell Hewett.

Michael Young, Simon Morris, Peter Berkshire, Shaun Krutli, Kevin Joseph, Mark Whenan, Steven Skinner and John Zadow all offering valuable service as Exec. Committee Members.

A special thanks also to the ex-secretary and new Patron Craig Lawn who continues to offer his knowledge, support and guidance to ensure my smooth journey in this role.

Once again Steven Skinner produced a magnificent handbook which is always the most professional book of its kind from any of the South Australian Cricket

Associations. Steven has again exceeded his previous high standard and he is to be congratulated on his continued outstanding work.

SPONSORS

With times getting very tough in the business world, it would be of no surprise if sponsorship dollars were to reduce or even cease.

Kookaburra Sport not only continued the sponsorship of ASCA, they offered us an improved sponsorship deal which will keep the Association in a very strong financial position until the end of the 2016 cricket season.

Not only have Kookaburra increased the cash component of their sponsorship, they continue to offer good quality equipment to us which is then distributed to each of our 25 Clubs. We are very appreciative of Kookaburra Sport's continued support.

SportsCentre have also continued their very valuable support and to Ian, Warren & Russell, we offer our sincere thanks.

Viv Sports have also been added as a supplier of uniforms and supplier to the association. Viv Chauhan and his team have been welcomed to the association and we offer our sincere thanks.

WestPress have been our handbook printers for a very long time and no matter what time restrictions we hand them, they always get the handbook printed.

WestPress also print our Premiership & Life Member certificate and I would like to thank Adam and his staff for their continued support.

The MyCricket website continues to improve each season and to their staff we also offer our thanks.

The staff of the Mitchell Park Cricket Club are also to be thanked for continuing to offer their facilities for our Delegates meetings and for providing suppers at our AGM & Trophy nights.

IMPORTANT POINTS FOR SECRETARIES

1. All Clubs must be represented at each monthly meeting of the Committee of Management. Any Club not represented at 3 meetings from the July meeting through to the March meeting will have 6 premiership points taken from each team in addition to fines for each missed meeting.
2. Any player who has played for any other Club or in any grade of another Association including interstate and overseas must obtain a permit to play from the Association Secretary before taking part in a match.
3. To add players login for your club to MyCricket and search. If not found, click on the red print to add a new player to the database. Email The Secretary about a clearance. If found, apply for a Clearance from where the player last played. If the clearance is not granted in time, email The Secretary for a Permit before any game and transfer the player to your club. Players need to be given a Senior Player Role and be Registered before they can be selected in a team. Where there are difficulties consult the Secretary, President or Vice-President before the player plays.
4. No permits will be granted after the end of January each season so players cannot be cleared after that date. **IF YOU PLAY AN UNCLEARED PLAYER YOU WILL LOSE THE MATCH.** Make sure you record full name, address and date of birth of any new player so that they can be registered on the website in time for the results of the match to be entered. Your club will be fined if you are late in registering players.

5. Players who have only played in junior competitions will not be denied permits except for a history of known poor behaviour and will not require clearances. The Secretary still needs to be aware of their movement and this is best achieved by using MyCricket to ask for a clearance from their former club.
6. Players may have dual registration with a club in another Association. This allows players to try games in a different association without their club losing them or needing a clearance for them to return. It also allows juniors to play seniors for a different club. They do however need a Permit from the Secretary to return. Permits will not be given for players to return during byes or washed out games. Transfer players to your club for Dual Registration. Tell the Secretary what you're doing.
7. A team must be named on the website by 7 o'clock after the first day of the match. Mostly that will mean having a team named before the match, perhaps as early as selection night. It doesn't have to be exactly the team you end up playing with but allows scores to be entered better.
8. After the first Saturday of a two-day match, both sides must visit the website by midday Sunday. If necessary correct the selected team. If first there set the match status to In Progress, enter innings results and player scores. If second there note or correct innings results and enter player scores. Match status must remain In Progress even if a first innings result has been achieved.
9. During the minor round both sides must visit the website by midday on the Sunday following the completion of the match. After finals both sides must visit the website by midday Monday. If first there enter the result of the match, the innings results and player scores. If second there check the result of the match and innings results and confirm or dispute it then enter player scores. Save as draft if necessary.
10. The result of the match is used to construct the Premiership Table including the Performance Quotient. You must be happy that it is correct including all innings played if you confirm it. If there is any inaccuracy even minor, dispute it and notify the correct details. Mostly the details will just be changed on your say so. The other club will be notified and can challenge if it's not an error but a disagreement.
11. Fielding and Keeping votes are entered in MyCricket. Under Matches select Enter Votes. Enter only the votes for your club. Entries can be checked without logging on at MyCricket under Statistics – Other – Voted Awards.
12. Forfeits –Clubs must advise the Association Secretary, the opposing team and any Umpires for the match. The forfeiting team is liable for any Umpire fees. The team receiving the forfeit must nominate a team on the website and claim the forfeit in the appropriate time. Clubs should do all they can to avoid forfeits but it is poor form to wait until match time if it was clear much earlier

that a team could not be mustered. If a club forfeits other than their lowest team, all lower teams will also forfeit except in exceptional circumstances.

13. If inclement weather threatens play, please do NOT telephone the Association Secretary. All players must report to their respective grounds where the Umpires will make decisions on the possibility of play. In the absence of appointed umpires the captains together must decide when play is possible. Play must be abandoned if the official forecast maximum temperature at 9 a.m. is 40 degrees or higher. This forecast is available on the internet at www.bom.gov.au, by phoning the bureau on 1196, and will feature in radio news bulletins. Players and umpires will not be expected to attend the ground where the forecast of hot weather prevents play.
14. The Association receives generous sponsorship from Kookaburra and so Kookaburra 2 or 4 piece leather cricket balls must be used in all matches. (Preferably Tuf Pitch).
15. Where a team bats short of players on any given day, only the wickets actually captured count towards the performance quotient.
16. Umpire Fees in the minor rounds. For two-day matches fees are \$90 per day in Sect 1 and \$75 per day in Sect 2 and lower. The fee is \$100 per day for one-day matches. \$30 per day for days washed out or abandoned at the oval with no play. Nothing for days abandoned by Rule 9 Excessively Hot Weather. Each club participating in the match is responsible for half.

IMPORTANT POINTS FOR CAPTAINS

1. Get to the ground early and meet the other captain and umpire if appointed. Have a team written for him especially noting replacement players. Discuss anything unusual like sub fielders or ground conditions. Discuss any difficulties and cooperate in finding solutions. Settle these matters before tossing for choice of innings.
- 1a. The Captain's Report on Mycricket has space for Umpire's Assessment and for Ground Assessment. Complete the Ground Assessment after Rounds 1, 7 and 10.
2. Have spare bails, stumps, chalk, tape, balls etc in your kit. Fielding sides are entitled to use a second new ball after the bowling of 80 overs in an innings.
3. Section 1 plays from 1 o'clock for 75 overs. Section 2 and lower plays from 1:30 for 60 overs. One-day games start at 12:30 for 40 overs each side.
4. Where no Official Umpire is in attendance at a game, it is essential for captains to synchronise their watches before start of play to avoid disputes when scheduling tea breaks and measuring time lost. It is also essential that the synchronised watches are worn by the umpires.
5. Untidy, inaccurate scorebooks have lost games of cricket. Make sure you have a good supply of stationery and scorers who know their responsibility and study the best way to record the batting, bowling, tallies and wickets.
6. At the end of the first day of a two-day match check the scorebooks for agreement. If you can't agree on discrepancies then you must before play resumes.
7. At the end of a match both captains and any umpire sign both scorebooks as evidence of correctness.
8. At the end of the match award 2 votes to the best and 1 vote to the second best fielders from the opposition side and inform the captain. If more than one Keeper was used allow the Captain to choose who gets votes. Award their Keeper 1 – 5 votes.
 - 5 votes – Faultless performance with exceptional moments
 - 4 votes – Basic faultless performance or some errors balanced by exceptional moments
 - 3 votes – Good basic performance with few errors
 - 2 votes – Poor performance generally but not without some redeeming moments
 - 1 vote – Many missed opportunitiesRecord your fielding and keeping votes in your scorebook.
9. Captains and other players or spectators are encouraged to report to the Association Secretary any pleasing or unsatisfactory incidents or circumstances. If they are marked "For Information," the Executive will

- determine when further action is warranted. These reports should reach the Secretary by the Wednesday following completion of the match.
10. Reports marked "For Urgent Attention" should reach the Secretary Saturday night or Sunday. (Email is recommended along with a phone call to the Secretary or President.) They will include instances of poor conduct or matches where the result is still in dispute. A tribunal may be held the following Tuesday. Unless circumstances prevent it Umpires and the opposition should be informed before departure.
 11. Players are STRICTLY FORBIDDEN to smoke or drink alcohol whilst on the ground during play.
 12. Captains should insist that every reasonable effort is made to get matches started in difficult conditions. Matting can be rolled or covered during showers and attempts made to soak up or disperse water. No damage can be done to the pitch or oval and heed should be paid to the owner's conditions of use.
 13. Should there be loss of play due to inclement weather it can become very complicated though the thrust of the idea is simply to divide the available time evenly between the two sides. Consult both Special Match Rule 6 Hours of Play and SMR 8 Declarations. When the interruption occurs during the innings of the team batting second note the game will only be a draw if the team batting second does not face as many overs as the team that batted first. It doesn't matter how many they would have been entitled to receive if there had been no loss of playing time.
 14. The tea breaks in Two-day matches divide each day's play into two sessions. Fielding teams may take short drink-breaks in the middle of each session however captains should be vigilant that play resumes promptly to avoid prolonging the day.
 15. During excessively hot weather extra drink-breaks should be taken as frequently as every 45 minutes. Without unnecessarily delaying play, players should ensure they rehydrate and relieve heat stress for the sake of their health.
 16. Although a decision may have been achieved on the first innings, Captains should always further the Objects of this Association by striving for the outright result in two-day matches. A team which leads by 100 runs or more at the conclusion of the opposition's first innings may ask them to follow on. One-day matches end with a first innings result.
 17. Captains are responsible to see that all players are correctly attired as instructed in Special Match Rule 11. This includes the wearing of recognised cricket boots or cricket shoes, which are predominantly white. Coloured clothing is not acceptable however the Executive have authorised clubs to wear side panels and collars in club colours with small Club and Sponsor identification on the front or sleeves. The executive have also approved St George having a watermark of a dragon

- a4 size on the front of their shirts. Players not correctly attired may not bat or bowl. Fielders will be fined.
18. Where an independent Umpire has officiated, the Captain is responsible for submitting an umpire assessment by Wednesday after the completion of the match. The best process is to enter a Captain's Report on MyCricket using your Club Login. Otherwise use a Form from the scorebook or on the Association website <http://asca.sa.cricket.com.au>. Send it to the Association President.
 19. Umpires MUST be paid at the beginning of the second day of a two-day match and at the beginning of a one-day match.
 20. You will not always agree with umpires' decisions and of course they will not be perfect but they are an essential part of a genuine competition. Treat them with respect especially when you think they've let you down but report it in detail so they can learn. Just as they are not always right so you will not always be right.
 21. The preamble to the Laws of Cricket places responsibility on the captain for ensuring the observance of the laws and the spirit of the game. At all times Captains must work towards solving disputes, moderating poor conduct and assisting umpires in controlling matches.
 22. Independent umpires may use a 5 run penalty to control behaviour. The laws of cricket use 5 run penalties to punish time wasting. They are clear that in the first instance of time wasting the umpire will warn the player and captain that it is a first and last warning and a 5 run penalty will be issued for any further time wasting. It is very clear there is one warning only per innings. Any fielder who persists in arguing with or showing disrespect to the umpire is wasting time and umpires can use a 5 run penalty to help them get on with the game. This behaviour is very similar to send offs, batsmen disputing decisions and abusive or persistent sledging that may interrupt the game. The executive encourages umpires to use 5 run penalties to control the behaviour of players on the field. We encourage umpires to use a warning to ward off a developing situation however some conduct is so clearly wrong it warrants an immediate sanction. All uses of 5 run penalties are reported to the executive who may impose a further penalty: usually either a reprimand or suspension from playing. Generally where the 5 run penalty has had the desired effect no further action will need to be taken and that will save us all time.
 23. We play under the MCC Laws of cricket. Injured batsmen can use a runner. Medium pace or fast full tosses above the waist are No Balls. Slow full tosses above the shoulder are No Balls. Bouncers over head-height standing at the crease are No Balls even if not dangerous. A No Ball will be called if a bowler dislodges a bail from the bowler's end stumps during delivery. The ball will not be dead.

FINALS

The by-laws for final round matches are contained within the Special Match Rules in the Association Handbook. Please read them before the game. Take heed of these notes.

1. Finals are played over Saturday and Sunday in all sections beginning at 1 o'clock each day. Should play in your match be entirely prevented on the Saturday a one-day match is played on the Sunday starting at 12:30.

2. Apart from starting times games are played under the same rules and conditions as the minor round. Section 1 plays 75 overs. Section 2 down play 60 overs. Section 4 and lower have bowling restrictions.

3. A few teams may play on neutral grounds. On such grounds, the team named first for each fixture is regarded as the home team and they may have some responsibility for setting up the oval. Clubs supplying ovals are expected to supply materials but circumstances may prevent this. If you are the first named team make sure you have contact with the supplying club to arrange laying the matting, setting the stumps and boundary and using dressing rooms. In addition it is wise for all teams to carry spare stumps, bails and boundary markers in case of emergency.

4. At the February delegates meeting volunteers will form a Finals Committee which will act under the authority of the Executive Committee to allot games to venues and appoint umpires.

5. Experienced players not taking part in finals are needed to umpire games. Contact the Secretary with available players. Umpires will be paid \$60 per day (or \$75 a day if alone) by the Association, by cheque. Payments should arrive by the end of the week following the grand final. Enter a report on the umpires in the Captains Report on MyCricket by Monday afternoon.

6. Should weather delay or interrupt play, consult Special Match Rules 6 and 8. Some situations can become very complex. It is the umpires' duty to make decisions on the fitness of the ground for play and to decide on the way the game will proceed.

A game is drawn where the first innings will be compulsorily closed with less than 20 overs.

7. An outright result overrides a 1st innings lead, however a final match can be concluded at any time on the second day if both captains agree that no further result is possible. At the end of the first days play, if a result appears imminent both captains can agree to extend play for 7 overs.

8. Read the rules for player qualification for finals in Section 5 of the Special Match Rules. Any team which plays an unqualified player without a permit for finals will forfeit the match. Any players with dual registration who have played games in other associations this season need a finals permit.

9. We would appreciate both sides visiting <http://mycricket.cricket.com.au/> Saturday night to enter progress scores so their supporters and others can see the state of the match. Both sides must visit the website by midday Monday to enter, confirm or dispute the result of the match and enter player scores.

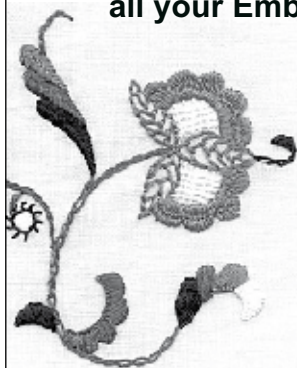

10. Make sure you treat the oval the way it should be treated. We will want to use it again next year. We will fine clubs up to \$200 if they or their supporters leave litter or disregard rules for use.

- (i) Should play on the first day of a two-day match be entirely prevented by adverse weather conditions, the match shall become a one-day game to be played under Special Match Rule 7.

One-day Matches

- (b) (i) Where such play has been delayed or interrupted by inclement weather, the team batting first, if not dismissed by the time set down for the drawing of stumps on the first day, may continue on the second day for half the number of overs lost on the first day. Half overs will be completed. Should this extra batting time be further delayed or interrupted by inclement weather best efforts will be made to divide the available time evenly between the teams to establish the time for the compulsory closure. If the compulsory closure will limit the innings to less than twenty (20) overs, the game will be a draw.

OUR ADVERTISERS

It is important that all members of our Association should be aware of the fact that the publication of this Handbook has been made possible by our local advertisers.

These business people have gone to considerable trouble and expense to see that you have a first-class publication and it is up to all members to do their utmost at all times to support the advertisers in this Handbook.

Try to encourage your friends and members of your families to read this book and always remember when calling on an advertiser, to mention to him that you have noticed the advertisement in this Handbook.

SCORING

A neat accurate scorebook is essential though it is not always given the attention it deserves until something goes wrong. You cannot claim a win if the scorebook doesn't show you have and matches have been awarded to oppositions where scorebooks are too untidy to be reliable.

With a complete neatly filled in scorebook a whole innings can be reconstructed to identify errors.

Space is limited so make sure you have a fine pen or sharp pencil and spares.

Sit next to the other scorer and compare books frequently.

Every delivery needs to be recorded against the bowler (except balls called dead before they reach the batsman.)

Runs need to be awarded to the batsman and the bowler and added to the tally. Use a continuous line for 2s, 3s, 4s etc so the order and number of these scores can be checked later if necessary.

The main problem with recording runs is a lapse of concentration. If you are going to be responsible for scoring work hard at it and talk through everything with the other scorer.

Sundries and wickets cause most difficulties and many scorers have developed different symbols. It is most important that one system is used throughout an innings and notes may be entered in the margin to help.

Our suggestions are:-

	Sundries	Tally	Bowling
Byes	Number in BYES	Continuous line in tally.	Dot to bowler.
Leg Byes	Number in LEG BYES	Continuous line in tally.	Dot to bowler.
Wide - batsmen don't run.	1 in WIDES	Cross off next number in tally.	+ to bowler; counts as one run.
Wide - batsmen complete runs.	Number in WIDES for completed runs plus one.	Continuous line in tally for runs completed plus one.	+ to bowler with a dot in a corner for each run completed; counts as one run for each dot plus one run for the +.
Wide - Striker stumped	1 in WIDES	Cross off next number in tally.	+w to bowler. i.e. + with a w in a corner; counts as one run
No Ball batsmen don't run.	1 in NO BALLS	Cross off next number in tally.	0 to bowler; counts as one run.
No Ball batsmen run byes.	Number in NO BALLS for completed runs plus one	Continuous line in tally for completed runs plus one.	0 to bowler with a dot inside for each run completed; counts as one run for each dot plus one run for the 0.
No Ball striker hits ball and batsmen complete runs. Runs completed awarded to batsman.	1 in NO BALLS	Continuous line in tally for completed runs plus one.	0 to bowler with number of runs completed inside; counts as runs completed plus one run for 0.
Wicket that is credited to the bowler			W to bowler.

If a batsman is run out on a wide or no ball or fair delivery, follow the procedures above for completed runs. Then close the runout batsman's innings. The wicket is not credited to the bowler.

Once there are wides and no balls, more than 6 deliveries need to be marked in the box for an over. Try to allow for this possibility as you start each over. If it becomes too much for one box, overflow into the next box and remember to account for it when finalising the innings and counting the bowler's overs and maidens.

CRICKET ETIQUETTE

The preamble to the Laws of Cricket is sub-titled The Spirit of the Game. All captains and players are directed to read it.

It places responsibility for maintaining the fairness and Spirit of the Game on captains.

Too many times over the years situations have developed where players have struck each other or were about to.

The attackers blamed the incessant, coarse sledging for their reaction claiming it was only normal and should not be punished.

The attacked claimed that their sledging was normal and expected only the attacker to be punished.

Point 5 of the Spirit of the Game is clear that it is unfair to attempt to distract a player verbally or by harassment.

Point 6 states there is no place for violence.

Players who are violent during a game will be suspended from playing.

Players whose continual sledging and coarse language provoke incidents will also be held responsible for what happens.

The game is not meant to be played in silence but players who continually threaten the good conduct of the competition or discourage families from attending matches will be dealt with.
